How to make

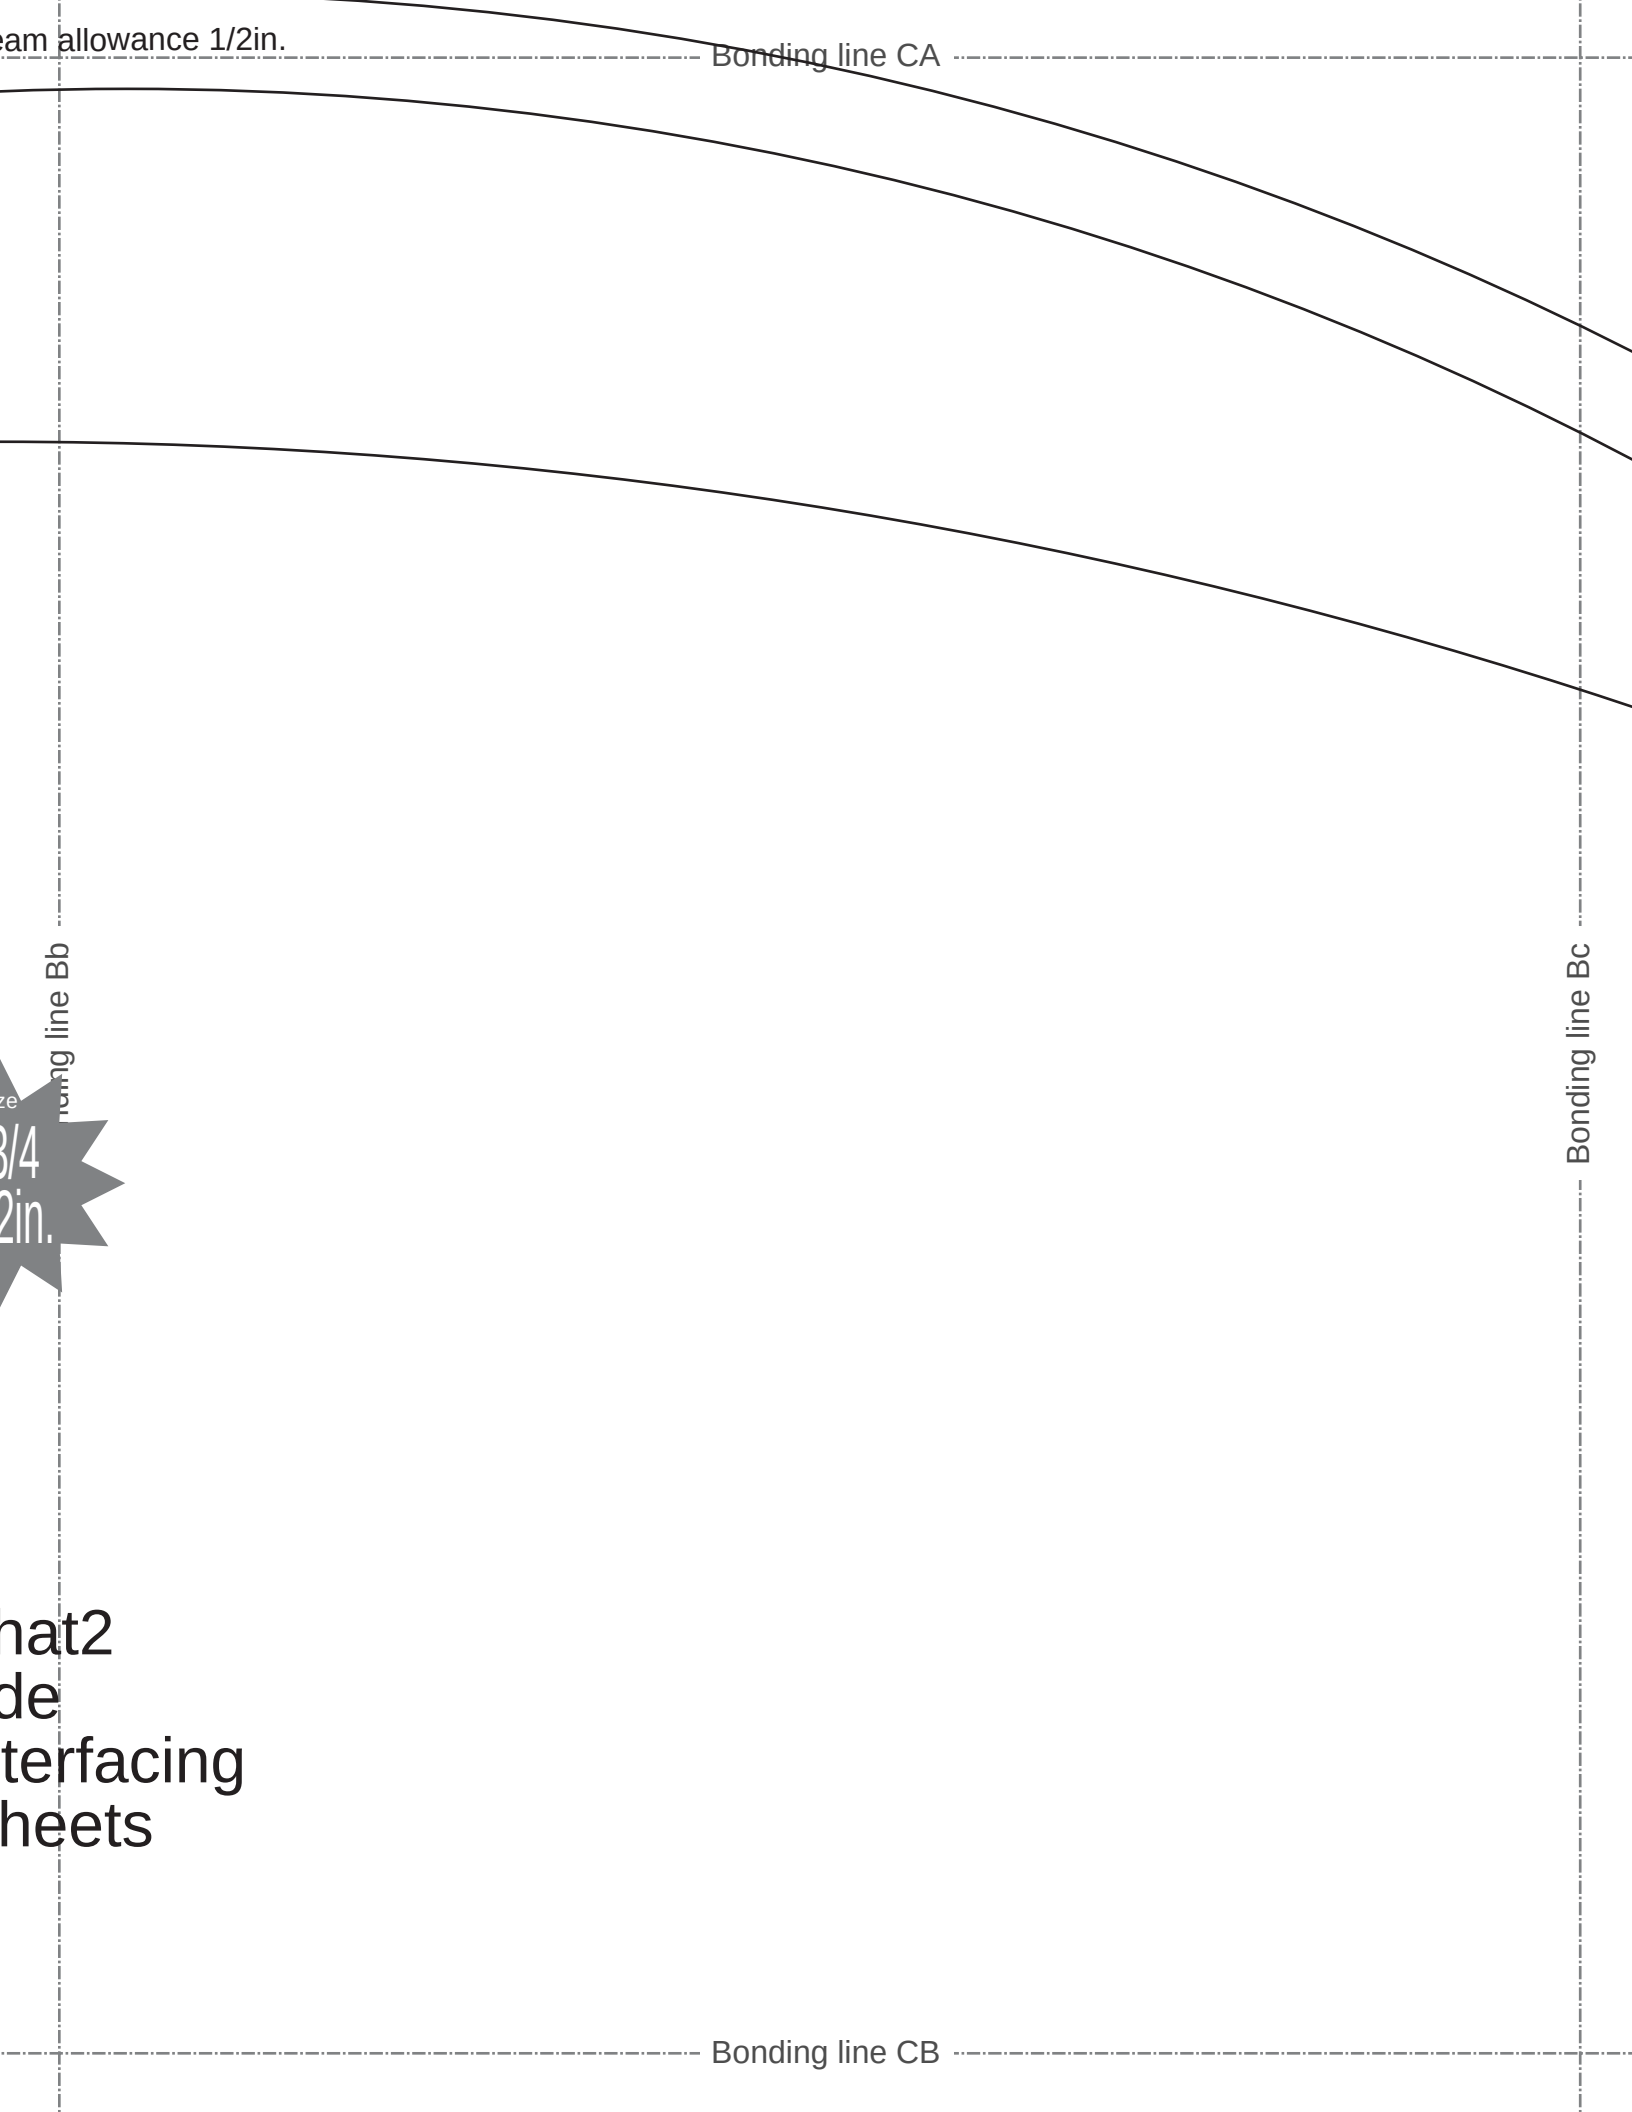

Sorry if I haven't made myself understood (well) in English. You know I'm poor at English.

1. Apply fusible interfacing to "Top" "Side" "Brim"
2. Fold the top of "Sidebelt" by 1 cm with an iron and sew
3. Sew the "Side" stitch the stitched part (cut off unnecessary)
4. Sew the "Top" and "Side" pieces
5. Sew the two "Brim" pieces
6. Insert the wire in the bias position of "Brim" and bias
7. Sew the "Brim" and "Side"
